

***My Pinner***

**Pinner Arts Week 23<sup>rd</sup> September – 2<sup>nd</sup> October 2016**  
**Pinner Library, Marsh Road, Pinner, HA5 5NQ**

Attach a photograph or other photographic reproduction (e.g. photocopy of a photograph) of a place, a building, a viewpoint or another aspect of the environment of Pinner here.

*Describe the image and how it is connected to you below: why it is of particular interest to you or why it has a particular personal resonance.*

## ***My Pinner***

This project aims to involve the community of Pinner. Residents of Pinner are invited to bring a photograph or other photographic reproduction (e.g. photocopy of a photograph) of a place, a building, a viewpoint or another aspect of the environment of Pinner and to write a short piece of text describing the image and its connection to the contributor and why it is of interest or why it has a particular personal resonance.

A key aspect of this project is to show how familiar environments have such a collective and varied resonance. With this in mind the text accompanying the photograph is particularly of interest for this project.

The sheet available for the contributions has a space for a photographic image and for text below. The contributions can of course be provided anonymously.

The contributions will be displayed on a board in Pinner Library during Pinner Arts Week [www.pinnerartsweek.com](http://www.pinnerartsweek.com) from 23 September – 2 October 2016.

One of the aims of this community project will be to reproduce the contributions in book form.
